

\*Why do Hindus worship idols, when God told us he is everywhere?\*

\*Swami Vivekananda once visited the King of Alwar in present day Rajasthan!\*

\*The King, in an attempt to mock idol worship, told Swamiji, "I've no faith in idol worship. How can one worship stone, wood and metal? I believe people are in illusion and just wasting time!"!\*

\*Swami Vivekananda ji smiled. He asked the King's assistant to take down a picture of the King that was hanging on the wall!\*

\*Although confused, the assistant did so. Then Vivekananda ji ordered him, "Spit on the picture!"!\*

\*The assistant was shocked, and looked at both of them. Vivekananda ji repeated his order again and again, becoming more stern each time!\*

\*The King was growing angry, and the assistant started trembling!\*

\*Finally, he cried out, "How can I spit on this? This picture is of our beloved and respected King!"!\*

\*Vivekananda ji then told him, "The King is sitting in front of you in person. This picture is merely paper - it does not speak, hear, think or move! But still you did not spit, because you see a shadow of your King in it, Spitting on it was like spitting on the King himself!"\*

\*The King looked at Swami Vivekananda ji and bowed down, clearly understanding what he was referring to!\*

\*This is the essence of idol worship! God is everywhere, but people want to pray to Him, thank him, ask for favors, offer food, tell stories, bathe Him, play with Him and do what they do in their lives with their children! Creating a human-like idol creates an image of God as a friend & companion, a guide, a protector, a giver, a fellow being and so on!\*

\*An idol is just a concrete representation, where they find Him! When I look into the eyes of an idol, I do not see stone or metal, but another pair of eyes looking affectionately at me, smiling!\*

TEMPLE:

This is fantastic, I just love the guy's answer.  
Enjoy and pass it on. I thought you would enjoy it also.

If you're spiritually alive, you're going to love this! If you're spiritually dead, you won't want to read it. If you're spiritually curious, there is still hope!

A Temple goer wrote a letter to the editor of a newspaper and complained that it made no sense to go to temples every now n then.

He wrote: "I've gone for 30 years now, & in that time I have heard something like 3,000 teachings, but for the life of me, I can't remember a single one of them. So, I think I'm wasting my time, the preachers & monks are wasting theirs by giving teachings at all".

This started a real controversy in the "Letters to the Editor" column

Much to the delight of the editor, it went on for weeks until someone wrote this clincher:

"I've been married for 30 years now. In that time my wife has cooked some 32,000 meals. But, for the life of me, I cannot recall the entire menu for a single one of those meals.

But I do know this: They all nourished me and gave me the strength I needed to do my work. If my wife had not given me these meals, I would be physically dead today.

Likewise, if I had not gone to Wayplace for nourishment, I would be spiritually dead today!"

When you are DOWN to nothing, Divine is UP to something!

Faith sees the invisible, believes the incredible & receives the impossible! Thank Divine for our physical and our spiritual nourishment!

IF YOU CANNOT SEE DIVINE IN ALL, YOU CANNOT SEE DIVINE AT ALL!

When you are about to forward this to others, the devil will discourage you.

So, go on! Forward this to people who are DEAR to you and TRUST Divine!

\*I love this, so am sharing with you:\*

DESTINY IS NOT CREATED BY THE SHOES WE WEAR BUT BU THE STEPS WE TAKE.....

In Mahabharat, Karna asks Lord Krishna - "My mother left me the moment I was born. Is it my fault I was born an illegitimate child?"

I did not get the education from Dhronacharya because I was considered not a Kshatriya.

Parshu-Raam taught me but then gave me the curse to forget everything when he came to know I was Son of Kunthi belong to Kshatriya.

A cow was accidentally hit by my arrow & its owner cursed me for no fault of mine.

I was disgraced in Draupadi's Swayamvar.

Even Kunthi finally told me the truth only to save her other sons.

Whatever I received was through Duryodhana's charity.

So how am I wrong in taking his side ???"

\*\*Lord Krishna replies, "Karna, I was born in a jail.

Death was waiting for me even before my birth.

The night I was born I was separated from my birth parents.

From childhood, you grew up hearing the noise of swords, chariots, horses, bow, and arrows. I got only cow herd's shed, dung, and multiple attempts on my life even before I could walk!

No Army, No Education. I could hear people saying I am the reason for all their problems.

When all of you were being appreciated for your valour by your teachers I had not even received any education. I joined Gurukula of Rishi Sandipani only at the age of 16!

You are married to a girl of your choice. I didn't get the girl I loved & rather ended up marrying those who wanted me or the ones I rescued from demons.

I had to move my whole community from the banks of Yamuna to far off Sea shore to save them from Jarasandh. I was called a coward for running away!!

If Duryodhana wins the war you will get a lot of credit. What do I get if Dharmaraja wins the war? Only the blame for the war and all related problems...

Remember one thing, Karna. Everybody has Challenges in life to face.

LIFE IS NOT FAIR & EASY ON ANYBODY!!!

But what is Right (Dharma) is known to your Mind (conscience). No matter how much unfairness we got, how many times we were Disgraced, how many times we Fall, what is important is how you REACTED at that time.

Life's unfairness does not give you license to walk the wrong path...

Always remember, Life may be tough at few points, but DESTINY is not created by the SHOES we wear but by the STEPS we take...

## Are Shivalinga Radioactive?

Yes it is 100 % true!!

Pick up India's Radio Activity Map, you will be surprised! Apart from the nuclear reactor of the government of India, the highest radiation is found in the places of all Jyotirlingas.

Shivling is nothing but nuclear reactors, that's why they are offered water, so that they may remain calm.

All the favorite substances of Mahadev such as Bilv Patra, Aakamad, Dhatura, Gudhal etc. are all nuclear energy soaking.

Because the water on Shivling also becomes reactive, that is why the drainage tube is not crossed.

The design of Bhabha Atomic Reactor is also like Shivling.

The water offered on Shivlinga takes the form of medicine along with the flowing water of the river.

That's why our ancestors used to say to us that if Mahadev Shivshankar gets angry, then the holocaust will come.

Notice how deep science is hidden behind our traditions.

The culture of which we have born from the womb, is eternal.

Science has been dressed as the core of traditions so that it becomes a trend and we Indians should always live a scientific life.

You will be surprised to know that there are such important Shiva temples in India which are built in the same straight line from Kedarnath to Rameshwaram. Wonder what kind of science and technology our ancestors had that we didn't even understand till today? Kedarnath of Uttarakhand, Kaleshwaram of Telangana, Kalhasti of Andhra Pradesh, Ekambareshwar of Tamil Nadu, Chidambaram and finally Rameshwaram temples are built in a geographical straight line of 79°E 41'54 " Longitude.

All these temples represent gender expression in 5 elements of nature, which we call Panchbhut in common language. Panchbhut means earth, water, fire, air and space. Based on these five elements, these five Shivlingas have been installed.

Water is represented in Thiruvanaikwal temple,  
The fire is represented in Thiruvannamalai,  
The wind is represented in Kalahasti,  
Earth is represented in Kanchipuram and at the end  
Space or sky is represented in Chidambaram temple!

These five temples depict the amazing gathering of Vastu-Science-Vedas.

These temples are also specialized in geographically. These five temples were built according to Yoga Science, and are placed in a certain geographical alignment with each other. There must be some science behind this that will affect the human body.

These temples were constructed about five thousand years ago when there was no satellite technology available to measure the latitude and longitude of those places. Then how so accurately five temples were installed? Only God knows the answer.

The distance between Kedarnath and Rameshwaram is 2383 km. But all these temples are almost in the same parallel line. After all, thousands of years ago, using which technique these temples were built in parallel line, this is still a mystery.

The twinkling lamp at Srikalhasi temple shows that it is air penis. The water spring in the interior plateau of the Thiruvannamalai temple shows that it is a water penis. Huge lamp on Annamalai hill shows that it is a fire penis. The self-penis of the sand of Kanchipuram shows that it is the earth penis and the formless state of Chidambaram shows the formlessness of God i.e. sky element.

Now it's not surprising that the five genders representing the five elements of the universe have been installed centuries ago in the same line.

We should be proud of the knowledge and intelligence of our ancestors that they had science and technology that even modern science couldn't distinguish.

It is believed that not only these five temples but there will be many temples in this line which fall in a straight line from Kedarnath to Rameshwaram. This line is also known as " Shiva Shakti Aksha Rekha Perhaps all these temples are built keeping in mind the Kailash which falls in  $81.3119^\circ$  E!?

Only Lord Shiva knows the answer.

Amazing thing " Mahakal " See the relationship (distance) between the remaining Jyotirlingas from Ujjain.

Ujjain to Somnath-777 km

Ujjain to Omkareshwar-111 km

Bhimashankar from Ujjain-666 km

Ujjain to Kashi Vishwanath-999 km

Ujjain to Mallikarjuna-999 km

Ujjain to Kedarnath-888 km

Ujjain to Trimbakeshwar-555 km

Ujjain to Baijnath-999 km

Ujjain to Rameshwaram-1999 km

Ujjain to Ghrishneshwar-555 km

In Hindu religion nothing was done without reason.

Ujjain is considered the center of the earth, which has been considered for thousands of years in Sanatan Dharma. Hence, man-made instruments have been made for calculating sun and astrology calculations in Ujjain about 2050 years ago.

And when the fictional line (cancer) on earth was formed by the English scientist about 100 years ago, the middle part of it turned out to be Ujjain. Even today, scientists come to Ujjain for information about sun and space.

\*MIRACLE WITNESSED\* 🙏

\*This interesting scene was in Supreme Court of India where the Bench was hearing the issue of Shree Ram Janma Bhoomi!\*

\*There were counsels representing both the sides and each side had their own witnesses to provide their evidences!\*

\*While Shri Parasaran was putting forth the justifications for Ayodhya as Shree Rama Janma Bhoomi, Judge intervened:\*

\*He asked “You quote from the Vedas and Scriptures for proving that Shree Rama existed, and other there any evidence in the Scriptures that specify the place of birth of Shri Rama?”\*

\*An old gentleman rose from the group of witnesses. He was one of the Pragyasakshi (Chief Witness) who had named him Giridhar!\*

\*He said “Honourable Sir, I request you to refer to Rig Veda!”\*

\*He specified the chapter and shloka (verse) and said, “There it is mentioned in Rig Veda, Gaiminiya Sukt, shlokas specify the directions and distances from a specific point on the banks of River Sarayu, to reach the birthplace of Shri Rama. If one follows those directions, one reaches a specific spot in Ayodhya!”\*

\*The bench ordered for immediate verification, and it was done to realise that Shri Giridhar was very precise!

\*There it was glaring at them from Rig Veda! And this person was quoting the shloka (verse) verbatim!

\*The bench remarked, “This is a Miracle we have witnessed today!!”\*

\*But the witness who was christened Giridhar was very calm and serene, as if it is a chore in the office on a working day!\*

\*To understand the wonder expressed by the Judge, one has to go back in Indian History, which needs to be studied earilest!\*

\*The year was 1950. Month January. 14th day of the month. In the village Jaunpur in Uttar Pradesh! The Pandit Rajdev Mishra and Shachidevi (It is nice to note that that child became a main Sakshi later in life for Shree Ram Janma Bhoomi) – were waiting for the birth of their child!\*

\*A very hale and healthy child was born that day and they named him Giridhar!\*

\*Giridhar Mishra was fine, till a cruel hand of fate played with him when he was 2 months old! That child was taken from his parents and the child!\*

\*Imagine a child who was eager to acquire and improve his knowledge, but just could not read or write. He would sit besides the child, and recite shlokas from the Vedas, explaining each word in each shloka! He found that Giridhar had a great grasp, memory and retaining capacity, and could memorise every single shloka orally!\*

\*After imparting whatever knowledge he could, Rajdev admitted his son to one of the Mutts of Ramana Maharshi!

\*He was taken in as a disciple, and he was given a new name - RAMABHADRA!\*

\*And the child got a Guru ji who could teach him and encourage him to expand his knowledge beyond the normal human being!\*

\*Ramabhadra, in his zeal to explore the universe of knowledge, learnt and mastered 22 languages, including the ancient ones! He could not read or write, and had to depend on his memory and its retention power!\*

\*He learnt the Scriptures and modern verses, too! He became a fan of Sant Tulsidas and explored the Ram Charit Manas!\*

\*Just Imagine! Somebody would read these epics and Scriptures, and he would store them in his memory with a deep understanding and analysis! He excelled in his work, often dictating to people, and getting the feedback!

\*At the age of 38, in 1988, he was crowned JAGADGURU RAMABHADRA ACHARYA, one of the four Gurus of the Ramananda Ashram!\*

\*You must have guessed by this time, why he could not read or write. Yes. HE LOST HIS EYESIGHT WHEN HE WAS TWO MONTHS OLD!\*

\*It is really staggering to learn about his achievements!\*

\*The blind Jagadguru, in addition to mastering 22 languages, is also famous as a Spiritual Leader, Educator, Scholar, Polyglot, Poet, Author, Textual commentator, Philosopher, Composer, Singer, Playwright and Vachak - Artist!\*

\*He has authored more than 100 books, such as Gita Ramayanam, Shri Bhargava Raghaviyam, Arunachala Kava Kava Vidura among others!\*

\*He composed Shri Sitarama Suprabhatam!\*

\*As a poet, he produced 28 famous sets of poems (Sanskrit and Hindi) including four epics!\*

\*Authored 19 famous commentaries on various Scriptures, the popular ones being on Rama Charit Manas and Tulsidas!\*

\*Composer of 5 Music Albums!\*

\*And 9 very popular discourses!\*

\*Founder of Jagadguru Ramabhadracharya University for the Handicapped!\*

\*Lifelong Chancellor of Tulsi Peeth (named after Sant Tulsidas)!\*

\*He was decorated with PADMA VIBHUSHAN in 2015!\*

\*I was filled with amazement as I was collecting information about him! A child who became blind, and to reach the pinnacle of knowledge and education, and its propagation!\*

\*What a marvellous example to inspire one and all! I felt very very small and insignificant! I am sharing it amazed me no end!\*

\*There is a niggling thought, though! How many of us were aware of this great blind man?\*

\*While Helen Keller was propagated for her achievements as a blind person, and lessons are taught on Ramabhadra Acharya is a non entity in our education system! That's how we are!\*

\*No wonder the Judge remarked "I witnessed a Miracle in my Court!"\*

\*This article is long, but worth reading 10 times! Please do read it and share it on your network!\*
